## A Warning to Ladies.

Many a dime, to the spy bar-keeper  
Often finds its jingling way.  
Just because a shabby wrapper,  
Awaits a man at close of day.  
This terrible fact will no doubt,  
Shock many a fair one; but there is  
a class of ladies who are able to off-  
stand this calamity. They buy  
their wrapper goods at Olcovich  
Bros. the leading merchants in this  
city. Their line of new fancy  
dress goods has captured the hearts  
of the Carson ladies.  
Do you wonder why?  
New shoes arrive every week,  
and Olcovich Bros. are selling shoes  
at prices within the reach of all.

## How Can Parents

allow their children to cough and  
strain and cough and calmly say:  
"Oh! its only a little cold," and  
keep giving them cheap and dan-  
gerous medicines, until they are  
down with lung fever or con-  
sumption, when they can be so  
easily relieved by BEGG'S' CHER-  
RY COUGH SYRUP? It has no  
superior and few equals. W. H.  
Chedic, Druggist.

K. C. Eldridge the agent for the  
Singer Sewing Machine has also se-  
cured the agency for several leading  
pianos including the following  
makes, McEwen, Antisell Newby  
and Evans, and several others,  
which he will sell on reasonable in-  
stallments. For further particulars  
or inspection apply at his agency  
to the Ormsby House.

## What on Earth

Is the reason people will not, can-  
not, or do not see any difference in  
cheap nos trumps put up by Cheap  
John houses or irresponsible parties  
at enormous profits, rather than  
take a medicine of world wide epu-  
tation and one that is giving uni-  
versal satisfaction at equal price?  
No medicine in the world is giving  
such unparalleled satisfaction for  
purifying the blood as BEGG'S  
BLOOD PURIFIER & BLOOD  
MAKER, and every bottle that  
does not do its work, will cost you  
nothing. W. H. Chedic, Druggist

The fact has been abundantly  
proven that Chamberlain's Cough  
Remedy is the most prompt, most  
reliable and most successful medi-  
cine yet discovered for acute throat  
and lung diseases, such as coughs,  
colds and croup. For sale by G.  
C. Thaxter.

## For Rent.

Two furnished rooms, Cor. Mus-  
ser and Plaza streets, immediately  
opposite the Capitol. Apply on  
premises. Rent cheap.

Harris the barber in the Ormsby  
House block now announces that he  
will cut hair for 25c.

## ALL SORTS.

Miss Bertie Thaxter is conva-  
lent.

Geo. Tyrrell has been taken with  
la grippe.

La grippe is spreading rapidly in  
the State Prison.

The Dollar Factory employes are  
all on deck again.

The stationery stores in Carson  
complain of dull times.

Last week during the thaw, Fred  
Dangberg's place was flooded.

Nelly Bly made the trip around  
the world in 72 days, 6 hours and  
11 minutes.

Walking along Main street is  
quite slippery on account of the ice  
on the side walk.

James Ketten, who was injured  
by a blast in Virginia some days  
ago, died Thursday.

Most of the men in the black-  
smith and machine shops of the V.  
& T. worked all night Monday.

A large number of persons took  
advantage of the good weather  
yesterday and were out sleighrid-  
ing.

The large plate glass window in  
Chatelain & Golden's store was  
cracked a few nights ago by the  
cold.

Dr. Lee says the corridors in the  
prison resound with the barking  
and coughing of the la grippe pa-  
tients.

Alex Harris will continue to run  
the barber shop formerly occupied  
by Harris & Galiano. Hair cutting  
25 cents.

The layer of snow next to the  
ground has turned into slush and  
we are likely to have a young  
glacier soon.

The State Controller's report  
which we have just received shows  
that there is still a little money in  
circulation in Nevada.

All the ranches on the Carson  
river were flooded last week, and if  
a good thaw sets in all the bridges  
on the river will be washed down  
stream.

A young man walked from Reno  
to Virginia to marry the girl he was  
engaged to. When he arrived he  
was seeping wet but he had a warm  
heart.

There are a lot of old rookeries  
around town which should be torn  
down, as they are but eye-sores  
and a constant menace to life, ow-  
ing to the snow on the roofs.

The Western mail arrived in  
Reno last night and will probably  
get here to-morrow as the snow  
shovelers will finish the Virginia  
division today and then push on to  
Reno.

The man who passed the APPEAL  
office yesterday and yelled through  
the cardboard window that no ex-  
changes would be along for two  
weeks yet, is requested to name  
his weapons and seconds.

If the roads are not opened soon  
we will have to send the APPEAL  
over the mountains on snow shoes.  
Many dispatches have reached us  
at great expense and our subscrib-  
ers must be satisfied.

The Carson River is in such a  
state that the teamsters can not  
get across. The thaw has allowed  
the water to run in the day time  
and freeze in the night, the result  
is that the river is a mass of broken  
ice.

The young man from Virginia,  
who came into the APPEAL office  
and threw the ghost walking scene  
from Hamlet at the typographical  
force is wanted in the eastern part  
of the State to do the leading man  
act in the Wabaska Minstrels.

Trenmer Coffin received a tele-  
gram yesterday to go to Inye coun-  
ty as a flood was sweeping over the  
country and likely to wash out  
about 100 yards of the new canal,  
which is rapidly nearing completion.  
The situation there is unprecedent-  
ed and many old settlers are greatly  
alarmed.

The Boyd brothers have offered  
the finest meats obtainable to their  
customers and as they raise their  
own beef, veal, mutton and pork,  
they can not only select the most  
choice meats but can place it at a  
very low rate. The boys are well  
known throughout this section and  
will endeavor to please their cus-  
tomers. j29tf

**THE GENOA FLOOD.**—Friday after-  
noon the river above Springmeyer's  
became blocked with ice and over-  
flowed and advanced over bridges  
and fields, crushing everything in  
its path. A boy rode to Spring-  
meyer's to warn him, and he real-  
izing the danger, sent half a dozen  
boys on horses to drive his stock  
from the lower pasture. They ar-  
rived barely in time, for a formid-  
able wall of ice five feet high was  
advancing with the rapidity of a  
trotting horse and pursued them at  
a distance of thirty feet until they  
reached high ground. He reports  
that the river never was so full,  
and the situation may be realized  
when we say that there is not suffi-  
cient water at Empire to run the  
mills. A dozen or more families  
have moved out, and one family of  
father, wife and children with a  
very young baby were compelled to  
leave their house and remain all  
night in the barn. The river is  
banked up with ice varying from 4  
to 10 feet high for a distance of over  
three miles, and water stands four  
feet deep in Springmeyer's orchard.

Mr. Springmeyer regards the  
situation of the mills as very pre-  
carious and expresses grave fore-  
bodings if a sudden thaw should  
come.

Already many houses are flooded  
with about 4 feet of water. At  
the 12 mile house where the  
channel is narrower the bank of ice,  
slush, etc., is over 20 feet high.

Between Chris Dangberg's and  
Springmeyer's and again at Fred  
Dangberg's and also just above  
Boyd's the country and the river  
bed is covered with debris from  
7 to 10 feet deep and the current  
is above the bed of the river and  
running crosswise of it.

**THE GENOA SNOWSLIDE.**—Sat-  
urday night a small snowslide occurred  
in the canyon above Joseph Davis'  
place, but did not come down far  
enough to do any damage to the  
town. The Gelatt and Van Sickle  
water pipe, which runs to a spring  
in the canyon, was smashed and  
covered up by the slide, and in con-  
sequence a number of families get  
their chief water supply from the  
snowbanks in their back yards. The  
slide tore up trees by the roots and  
gathered up everything before it,  
but stopped just at the edge of town.  
If it had traveled 200 yards further  
it would have demolished the homes  
of both editor and the preacher.  
No doubt the latter new, more than  
ever before, realize the great im-  
portance of good associations.—  
Courier.

**DAMAGE ON THE CARSON RIVER.**—  
The rain on Saturday freed the ice  
on the East Fork of the Carson  
River, which formed a blockade  
near the school house above Fred  
Dangberg's ranch and the water  
overflowed the whole country  
thereabouts, carrying away several  
bridges and headgates, as well as  
doing considerable damage to Hus-  
man's dwelling house. The carry-  
ing away of the bridges will prevent  
Fred Dangberg getting to market  
with feed, produce, etc. The ex-  
tent of the damage is not definitely  
known.

**COMMENDABLE ENERGY.**—Cagwin  
& Noteware deserve credit for their  
energy and liberality in sending a  
special messenger to Virginia yes-  
terday morning for the Territorial  
Enterprise. Their subscribers were  
served last evening with the paper,  
including back numbers. Thanks  
gentlemen for the file delivered this  
office, you have more energy than  
the publishers.

## Cold Day For Him.

He—May I impress one kiss upon  
your lips, dearest before I go?  
She—No George, I am afraid it  
would freeze there.

**ADVICE TO MOTHERS.**—Mrs.  
Winslow's Soothing Syrup  
should always be used for children  
teething. It soothes the child, soft-  
ens the gums, allays the pain, cures  
wind colic, and is the best remedy  
for diarrhoea. Twenty five cents a  
bottle.

While Will Wright is still with  
Peterson, at the gallery over Thax-  
ter's, special attention will be  
paid to enlarging of portraits. Mr.  
Peterson has done some very fine  
work in this line, which can be  
seen at the gallery. The public is  
invited to call and inspect same. j2

## 'WORMS EAT STEEL.'

For the past two years the Ger-  
man Government has been making  
inquiries into the life, history and  
ravages of one of the most remark-  
able worms known to exist. This  
wonderful creature, whose glutton-  
ous appetite is only satisfied after a  
feed on common steel, was first  
brought into general notice by an  
article published in the Cologne  
Gazette in June, 1887.

For some time preceding the  
publication of the account mention-  
ed, the great consternation ex-  
isted among the engineers employ-  
ed on the railway at Hagen, by  
accidents, which always occurred at  
the same place, proving that some  
terrible defect must exist either in  
the material or the construction of  
the rails.

The Government became inter-  
ested and sent a commission to  
the spot for the purpose of main-  
taining a constant watch at the spot  
where the accidents, one of them  
attended with loss of life, had oc-  
curred. It was not, however, until  
after six months had elapsed that  
the surface of the rails appeared to  
be corroded, as if by acid, to the  
extent of over a hundred yards.

The rail was taken up and  
broken, whereupon it was found  
to be literally honey-combed by a  
thin, thread-like gray worm. The  
worms said to be two centime-  
ters in length and about the bigness  
of a common knitting needle. It  
is of a light gray color, and on the  
head it carried two small sacs, or  
glands, filled with a powerful cor-  
rosive secretion, which is ejected  
every ten minutes when the little  
demon is left undisturbed. This  
liquid when squirted upon iron ren-  
ders that metal soft and spongy and  
of the color of rust, when it is  
easily and greedily devoured by  
this little insect. "There is no  
exaggeration," says the official re-  
port, "in the assertion that this  
creature is one of the most voraci-  
ous, for it has devoured thirty-six  
kilogrammes of rails in a fortnight."

**GOOD WORK.**—Acting Superin-  
tendent Ardery has been ceaseless  
in his efforts to open the V. & T.  
to get the mails to Carson. With  
the storm at its meanest capers he  
has fought bravely and for the few  
trains that have been forced through  
the storm, we can with true feeling  
thank Mr. Ardery. If the restless  
people will just keep their jersey  
on and give him a chance, the AP-  
PEAL can vouch for an opening as  
soon as human power can make it.

**WANTED TO GET WARM.**—Muller  
& Schmitt's team left the store yes-  
terday, ran around the Capitol, up  
around Maish's residence, past the  
county building and finally wound  
up at their starting point. The  
probability is they wanted to get  
warm and took the method.

**LOST.**—A white knit shawl. The  
finder please leave the same at  
Cagwin & Noteware store. j. 21 tf.

Language is hardly strong enough  
to express my admiration of the  
merits of Chamberlain's Cough  
Remedy. It is the best remedy for  
croup and whooping cough I have  
ever used. During the past eigh-  
teen years I have tried nearly all  
the prominent cough medicines on  
the market but say, and with  
pleasure too, that Chamberlain's  
Cough Remedy is the best of all.  
THOMAS RHODES, Bakersfield, Cali-  
fornia, For sale by G. C. Thaxter.

Mr. W. H. Baldrige, druggist  
Escondido, California, says: Cham-  
berlain's Cough Remedy is the best  
selling medicine I handle. In fact  
I sell more of it than all other  
cough medicines combined. Every-  
one who has used it speaks in glow-  
ing terms of its efficiency. For  
sale by G. C. Thaxter.
